The Council approved this planning application.

The Council hopes that the three conditions (2, 3 and 10) and the two clauses in C10/0856/ will now be followed, enacted and checked. The Council wonders if the final signed checklist could be made available to the Council. The Council believes that the houses were built not to be sold, to be let in perpetuity for people with local connections and they would like this in writing. The Council is also concerned that

there are current issues with the houses 'fixtures and fittings' and they would like these addressed as well.
