He said that the County Council were very proud and were working with Norfolk County Council to help them with their OFSTED Inspection. County and District Cllr. S. Burroughes reported that potholes were now being repaired through thermal patching and he was working now to get white lines repainted on the roads. He said that a Highways Self Help Scheme was being rolled out where a parish council could take over some Highways responsibilities employing their own staff, buying in Highways or using volunteers. Cllr. D Cask asked if community payback could do these jobs? It was thought that their involvement was 'patchy'.

County and District Cllr. S. Burroughes said that the new East Suffolk Council was gradually being set up with a new Cabinet and new staff finding their role within the new council. He said that he had been asked to join the Cabinet and to be responsible for Customer Service and Operational Partnerships. He said that he had been very pleased to attend the start of the Suffolk Cycle Race at its start in Beccles. Cllr. Z. Mair asked about the new arrangements for planning in that it was to become paperless and to only give 21 days for a response from Parish councils which she said did not fit into meeting schedules and also depended upon all councillors having computers, the expertise needed to look at planning applications and to have a 'signal' at the meeting

so that they could discuss the planning application. Councillors discussed the issue and also believed the suggestion to use a projector was not feasible and to read a planning application on the computer only was not totally satisfactory. It was asked that one paper copy was made and sent to the Clerk. County and District Cllr. S. Burroughes said that he would take the suggestions back to the Planning Department. Cllr. Z. Mair also asked about a dilapidated house that was not being repaired and about Flagship. County and District Cllr. S. Burroughes said that he would speak to the relevant person at the council regarding the dilapidated house and to Cllr. A. Thomas regarding Flagship. Cllr. M. Porter reported that some very fast cars had driven around local roads at great speed including the closed roads for the Heveningham Show. He asked County and District Cllr. S. Burroughes if he could speak to Highways. Cllr. J. Lewis said that he would find out about the road closures and their reasons.

She said that the signs to the telephone box and therefore the defibrillator had been made but were still to be put up. Cllr. M. **10) Highways and Speeding:**

There was a continuation of the discussion from that with with Cllr. S. Burroughes over the closure of the Heveningham Road. It was agreed in addition to Cllr. J. Lewis finding

**12) Planning Matters: To note the following planning applications:**

There were no planning applications

Councillors discussed East Suffolk Council Planning Department’s decision to go paperless. It was agreed to ask questions as to whether this was feasible as the mobile signal is not strong in Walpole, it is hard to look at a planning application on a mobile or even a laptop and it was felt that there was an assumption that every councillor had a laptop which councillors believed was not true.
