SUFFOLK SAFEKEY

Suffolk SAFE Key is a comprehensive key holder service offered by Suffolk Police, which helps support local charities.

It is available to residential and business owners within the county, providing protection and assistance should you lose your keys.

Signing up for SAFE Key allows the police access to your property in the event of an incident occurring while your property is unattended. They do this by contacting the person you have nominated as a key holder for the property.

By registering for the service, you will have peace of mind knowing that your home or property will be in safe hands when you are not there.

In addition to the key holder database provision, we also offer a key fob recovery service, which means that all SAFE Key members are issued a with key fob, featuring the force crest and a unique identifying number.

People who find lost keys with the Suffolk SAFE Key fob are encouraged, through a £10 finder's fee, to hand the keys to the police or send them to a secure postal address. This allows for the keys to be returned to their rightful owner.

You can sign up for the scheme by phone, post or online and any money above that's required to operate the scheme is used to fund community projects.

There will be accessible emergency contact and key holder details recorded on our secure database letting the police know who to call in the event of an incident at your unattended property – your nominated key holder is someone you trust and lives in the vicinity of your property.

A window sticker to confirm your membership to officers attending your unattended property meaning reduced risk of forced entry and potential incurred costs. Details on the Suffolk Constabulary Website or contact your local SNT on 101.
